WE ARE GROWERS AND DISTRIBUTORS OF QUALITY FLOWERS SINCE 1969

Quality

Located in Bogotá - Colombia, we locally grow over 15 different products in 250 acres of land. Production from our diverse crops is certified by the strictest labels and exported daily to the most quality demanding customers in more than 35 countries around the world.

Expertise

Our flowers are backed by over 50 years of growing experience, and our breeding operation is constantly searching and testing for the best varieties and colors based on demand and market trends. Together, we provide our customers with a reliable and consistent supply of quality flowers to support their growth while always keeping them up to date with the latest seasonal trends.

Experience

Our sales and logistics hubs in Miami allow for close supervision and quality control in all distribution areas such as transportation, customs clearing, and warehousing which enables us to deliver fresh flowers fast from our farms and into our customer's hands.

Service

Knowledgeable advisors are always on call to answer your questions, and help grow your business. Whether you purchase flowers in bulk or market tailored consumer programs in your area, our daily farm and Miami Inventories are always ready to be delivered on your farm consolidation or Miami truck.

Above and beyond! Early in the morning or late in the evening, our MultiOnline tool is the perfect companion for any 24/7 after hour purchasing needs that give our customers access to real time, just in time, – always fresh – Miami availabilities to free up some time or capture that last minute sale.
