

NAIROBI

CATALOGUE

a f r i CALLA

WE ARE THE PASSIONATE GROWERS OF MORE THAN TWENTY DIFFERENT VARIETIES OF WORLD-CLASS CALLA LILIES.

Our office is located in Limuru, on the edge of Nairobi, which is only a thirty minute drive from Jomo Kenyatta International Airport; our gateway to the world. Currently we are growing 35 hectares of calla lilies at an altitude of 6500 feet above sea level. The tropical climate, the altitude, rich soils and the proximity to the equator allow for a full year-round production. Africalla's callas are known for their intense colors and unique quality. Feel free to contact us for more information, availability, conditions and distribution.
